

Why settle for just driving when you can cruise?

Custom Pedal Bypass Cruise Control Systems by Rostra

At Rostra Precision Controls, we manufacture a number of different add-on cruise control systems for cars, trucks and SUV's that include our [universal Global Cruise](#) control system, [custom Global Cruise](#) control system, multiple [pedal interface cruise control systems](#) and various [drive-by-wire cruise control systems](#) that interface directly with a vehicle's built-in cruise control functionality.

Custom pedal bypass cruise control systems by Rostra are available for many popular vehicle platforms from manufacturers like Ford, Chevrolet/GMC, Mazda, Honda, Volkswagen and Kia. Each cruise control system is designed with ease of installation in mind and more often than not consists of hardware meant to be completely plug-n-play with minimal necessary electrical connections.

Accelerator Pedal Bypass Cruise Control Safety and Convenience

Using a cruise control system by Rostra provides many comfort and safety benefits while on the road. Some of these benefits include:

- ✔ Reducing long-term leg muscle fatigue
- ✔ Relaxed driving posture on long trips
- ✔ Avoid tickets from unintended speeding
