

12" CompR 4 Ohm

The CompR 12-Inch Subwoofer is a dual 4Ω voice coil design, making it easy to get the most out of your amp.

Revolutionary SoloKon™ technology joins the cone to the vented back brace, creating a single integrated unit that both cools the motor and eliminates distortion.

The CompR 12-Inch Subwoofer works best with a sealed or ported enclosure and 500 watts of recommended power. See below for more details.
